B02G SMALLFLY G-10

The SmallFly combines the best elements of the traditional butterfly knife with a liberal dose of Spyderco innovation to create a uniquely modern butterfly. Its elongated handles and textured G-10 scales shift the Fly's center of balance away from that of traditional butterfly knives to provide additional momentum for smooth, high-speed manipulation. Its wire pocket clip and spring-loaded locking latch attach to either handle for left or right-side carry and also serve as a tactile index to identify the safe handle. The SmallFly's 154CM stainless blade is centerline ground, equally dispersing its blade weight for physical and visual balance and symmetry.

- Latch is reversible for Batangas or Manila-style configuration
- Flat saber-ground blade with non-sharpened swedge

RESTRICTED KNIVES SECTION

This catalog features Federally Restricted Items. To purchase you are required to complete and physically sign an Acknowledgment & Representations Form (see sample on this page) This form is downloadable at www.spyderco.com or may be obtained from your Spyderco sales representative. There will be absolutely NO SALES of restricted knives without this completed form and other required paperwork.

** Federal Switchblade Laws encompass not only automatic knives, but also knives they deem or define as "gravity" knives. Because many independent jurisdictions, states and federal agencies classify butterfly or Balisong knives as gravity knives, Spyderco errs on the side of conservative caution and treats them as restricted items. We will only distribute or sell them adhering to the identical procedures, protocol and documentation required for the purchase of automatic knives. Butterfly trainers are also categorized as a restricted item.

IMPORTANT LEGAL NOTICE

You must also be in compliance with any local and state laws, statutes, and regulations related to the purchase and possession of automatic knives.

RESTRICTED ITEM WARRANTY & REPAIR GUIDELINES: Should any RESTRICTED ITEM need to be returned to Spyderco for warranty and/or repair reasons, the item MUST be accompanied by a RESTRICTED ITEM RETURN FORM. The form must be signed attesting to the fact that the person in possession of the knife is qualified/allowed by law to possess said item before any warranty work can be performed.
